

Bonnet Shores Land Trust Meeting 11/18/2014

Members present Terry Duffy, Brad Sellon, Paul Haas
Mary Flynn

In keeping with past practice there was no December Trust meeting, as is the case with the BSFD Council.

In the matter of the Bonnet View development, Chairman Duffy made an extensive presentation regarding his efforts, on extremely short notice from CRMC, to gather documentation for a presentation at their upcoming hearing. He received a legal opinion where there was some chance of a successful intervention vs. the cost and their advise was to not persue the issue any further,

Brad Sellon presented a proposed campaign to target property owners whose vacant land, if donated to the Trust would serve the stated mission of the Trust. He was strongly encouraged to move ahead with the effort.

Regarding the above effort and further improving the Web Site, Brad was authorized to incur the cost of a Web Hosting and Development process @ \$311.59.

Respectfully submitted,

Paul F. Haas, Secretary
